Verse Tab

We stayed up all night long
Hoping to connect the dots
To what we've done

Is it okay to feel this way?
Don't worry we can stay
right here

Instrumental Tab**Verse Tab**

But you're still a little anxious
And he's fighting the wall with his fist
Bleeding out
She's coping with the way she's copes
And we're hoping there's still hope
In the moon

Chorus Tab

Oh I can't help but stare tonight
Oh I know that you're there give us light
