

Teacher Wolf- D

Capo 7

6/8 time

G/d **D** **G/d** **D** **C**

I wonder what caused me to come out in the rain
There was something that couldn't keep me there

G/d **D** **G/d** **D/d** **C**

Locked inside a warm place to hide from the wolves that were waiting right outside the door

G/d **D** **G/d** **D** **C**

They taught me to fight that I have a burning fire inside that no one can take what's mine

G/d **D** **Am** **Bm**

Stay the course it is you that's gonna free the world, free the world

G/d **D** **G/d** **D** **C**

I mapped it out we were right on schedule
My wolves and I we would take the high road

G/d **D** **G/d** **D** **C**

But every time we sank deeper the harder I tried

G/d **D** **G/d** **D** **C**

Quick sand, teacher wolf could you give me a hand? I've been empty and I'd like to grow

C **Em** **D**

Have we lost time?
Believing in the lies
Please heal our minds
Teacher wolf we wanna try
