

## Hollow I Was- C

**C**                    **Am G/b**

Hollow I was a tin man

**C**                    **Am G/b**

Desperate for attention

**F C**

You split me wide open

**F C G/b**

You split me wide open love

**C**                    **Am G/b**

Bitter I was a thin man

**C**                    **Am G/b**

Trying so hard to fit in

**F C**

You split me wide open

**F C G/b**

You split me wide open love

**C F Am F x2**

**F C G/b C/g**

I won't trade my heart

I hear what they say they can't tear me apart

**F C**

You split me wide open

**F C G/b**

You split me wide open love

**C**                    **Am G/b**

Hollow I was broken

**C**                    **Am G/b**

Rudder worn down misspoken

**C**                    **Am G/b**

You gave me a song to keep going
